Hello + Welcome!

CLARITY COACH

What are you aiming for?

Step 1 - Pick a Number Goal

Step 2 - Set a Date

Step 3 - How Will You Feel

Step 4 - Make a Clear Plan

Ask yourself...

1. **What can I offer with relative simplicity and ease that would solve an immediate problem for my ideal client?**
2. **Who are people that I've spoken to recently but did not become clients?**
3. **Who are people I'm connected to in some way (in-person/online) that could be a potential ideal client?**

Do the Math!

What feels easiest? In alignment? And totally doable?

Let's say your goal is to bring in \$5K in the next 30 days. Play with the numbers and see what feels right to you.

- **1 x \$5000**
- **5 x \$1000**
- **10 x \$500**
- **100 x \$50**
- **1 x \$2500 + 5 x \$500**
